

Project Design Phase

Problem – Solution Fit Template

Date	4 July 2026
Team ID	
Project Name	Strategic product placement analysis
Maximum Marks	2 Marks

Problem – Solution Fit Template:

The Problem-Solution Fit simply means that you have found a problem with your customer and that the solution you have realized for it actually solves the customer's problem. It helps entrepreneurs, marketers and corporate innovators identify behavioral patterns and recognize what would work and why

Purpose:

- ☐ Solve complex problems in a way that fits the state of your customers.
- ☐ Succeed faster and increase your solution adoption by tapping into existing mediums and channels of behavior.
- ☐ Sharpen your communication and marketing strategy with the right triggers and messaging.
- ☐ Increase touch-points with your company by finding the right problem-behavior fit and building trust by solving frequent annoyances, or urgent or costly problems.
- ☐ **Understand the existing situation in order to improve it for your target group.**

Template:

1. CUSTOMER SEGMENT(S) Who is your customer? Detail company	6. CUSTOMER CONSTRAINTS What constraints prevent your customers from taking action to solve their chosen problem? (market research tools, large datasets, third-party research, keep it real, other insights)	5. AVAILABLE SOLUTIONS What solutions are available to the customer when they have the problem or need to get the job done? What have they tried in the past? What price & costs do these solutions have? Market trials reports, Social spreadsheets, traditional business reports, manager experience
2. JOBS-TO-BE-DONE / PROBLEMS What jobs do you do (or problems) do you address for your customer? Analyze product placement, identify best selling solutions, understand customer buying behavior	9. PROBLEM ROOT CAUSE What is the real reason that this problem exists? What is the back story behind the need to do this job? Product placement decisions are based on assumptions, feedback of decision-makers, leading to inefficient product utilization and waste	7. BEHAVIOUR What story your customer tells to address this problem, solve the job, demand? Content trends, social media reports, corporate product performance, analyze customer messaging, strategy shift, trends
3. TRIGGERS What triggers customer to act? Technical tools, user-product usability, changing customer preferences, demand for data driven decisions	10. YOUR SOLUTION Develop a solution based on your Product Placement Analysis. Highlight to highlight about product placement, and consumer demographics providing actionable recommendations to optimize product positioning and revenue revenue	8. CHANNELS of BEHAVIOUR 4.1 ONLINE What kind of activities do customers take online? Social media, Sales meetings, Marketing Discussions, Email Alerts
4. EMOTIONS: BEFORE / AFTER How do customers feel when they have a problem or a job need addressed? Before: Confused, uncertain about product placement After: Confident, informed, able to make better business decisions		4.3 OFFLINE What kind of activities do customers take offline? Store visits, Sales meetings, Marketing Discussions, Email Alerts
